# FELLOWS RIDE

## What it's about

Our mission is “zero suicide” We want to draw more attention to mental health and the widespread illness depression – it affects almost all of us directly or indirectly. Be part of a special premiere. We are proud to announce the first Fellows Ride in the USA. Fellows Ride is a motorcycle ride against depression, for mental health and suicide prevention. We ride together and collect donations for particular projects in the area the ride takes place. Together with the biker community, we want to put the issue of mental health at the top of the public and political agenda. Under the motto „Bike riding and doing good“, we are launching the Fellows Ride Wisconsin in the USA first time, beside many Rides in Europe and more coming in the USA and all over the world.

## SAVE THE DATE

Fellows Ride Wisconsin will start

**Sept. 21st 2024 10:00 am**

at Doc's Harley-Davidson. After a presentation of the Fellows Ride mission we will go on a scenic 60mils ride and finish at Doc's for a presentation of the supported project and the hand over of the donation. There is no entry fee to join the ride but any donation, as much as you can, is highly appreciated. You can make a change for your brother or sister with your donation

Come to

**Doc's Harley-Davidson,  
W 2709 WI-29, Bonduel, WI 54107**

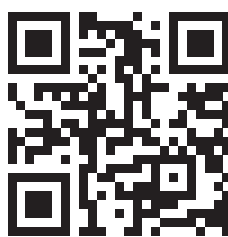

Doc's Harley-Davidson will serve beverages and food with some music. The Wolf River HOG chapter will support this event. Meet Dieter and Jürgen from Germany, 2 world travelers and enthusiastic bikers who bring the Fellows Ride to the US.
